

1 Please amend the text of the Specification, paragraph beginning at page 24,  
2 line 21 of the Application as originally filed, as follows:

3  
4 --This object model is discussed in further detail in U.S. Patent Application  
5 No. 10/691,885, Attorney docket No. MFCP.109834 (MS# 306923.01),  
6 filed 10/23/03, entitled "System and method for presenting items to a user  
7 with a contextual presentation", which is hereby incorporated by  
8 reference.--

9  
10 Please amend the text of the Specification, paragraph beginning at page 26,  
11 line 17 of the Application as originally filed, as follows:

12  
13 --• A BasketControl control used to allow items to be added to a sidebar  
14 (sidebars are discussed in additional detail below). An item can be added to  
15 the sidebar in a "drag and drop" manner by using a cursor control device to  
16 select an item and drag it over the sidebar, where it can be dropped (e.g., by  
17 releasing a cursor control button). The BasketControl control is discussed  
18 in further detail in U.S. Patent Application No. 10/684,263, Attorney  
19 Docket No. 003797.00695 (MS# 304631.1), filed 10/13/03, entitled  
20 "Extensible Creation And Editing Of Integrated Collections", which is  
21 hereby incorporated by reference.--
